Harding Congratulates Glendale On Its Prosperity

MASS MEETING ON BONDS, CHARTER LEAGUE PLAN

CITY OFFICIALS AND OTHERS TO BE INVITED TO TALK TO PUBLIC MARCH 22

Seeking facts and figures relative to the proposed bond issues, and the charter prepared by the board of freeholders, which will be passed upon by the voters on March 9, the West Glendale Progressive league, at an informal session held at the high school last night, decided to call a mass meeting on March 22 at which city officials will be invited to talk and be questioned. The gathering may be held in the high school auditorium.

C. M. Frazier, attorney general of the state of Arizona during the administration of President McKinley, declared to be an authority on municipal laws, now a resident of Glendale, having recently purchased a home at 458 West Broadway, was, by invitation, present at last night's meeting and, it is probable, will also be one of the speakers at the mass meeting proposed by the league.

To Attend C. of C. Luncheon

Attorney Frazier was introduced by Isabel Barrett, president of the league, and invited to give a talk last night, but he explained that he had received an invitation to attend the forum luncheon to be held under the auspices of the Chamber of Commerce at noon today at which the proposed charter and bond issues were to be discussed and, having accepted the invitation, wished to wait until he had heard today's talks before expressing himself in detail.

He said, however, that he had spent some time in studying a copy of the proposed city charter and had reached the conclusion that rather sweeping powers were delegated to the city manager under it.

"It seems to me," said Attorney Frazier, "that the city manager under the charter—whoever he may be

EXCELLENT CHINESE ATTRACTIONS AT CLUB SESSION

ORIENTAL PROGRAM IS WELL STAGED AND PRESENTED TO LARGE AUDIENCE

One of the largest number of members to attend a meeting of the Tuesday Afternoon club was present yesterday afternoon to hear the splendid Chinese program which had been arranged. In the entrance hall were hung Chinese lanterns. At the door of the auditorium was a lady in Manchurian costume, Mrs. Jesse Joseph, to greet the guests.

The meeting was called to order by the president, Mrs. C. E. Hutchinson. After the reading of the minutes of the last meeting by Mrs. Walter N. Stamps, the secretary, Mrs. H. P. Findlay, in the absence of Mrs. A. W. Tower, general curator, read the announcement of the meetings of the various sections.

Mrs. Hutchinson told of two conventions of women's clubs to be held in the future. The state convention of the California Federation of Women's clubs will be held the last of May in Yosemite valley. The Los Angeles federation holds its convention in Pomona in April.

Plan Reciprocity Day

The next meeting of the Tuesday Afternoon club will be reciprocity day, at which time the presidents of the district will be entertained. The program for the afternoon will be given by the parliamentary section.

Mrs. Stewart of the St. Helena's club of Chehalis, Wash., was present yesterday and said a few words in response to the club's greeting. Mrs. Stewart is an attorney.

Mrs. Hutchinson spoke of the luncheon which is to be given by the club to members only on March 29, at which time will be taken up the feasibility of building a club house.

Mrs. A. H. Montgomery spoke of the members of the club collecting

COST OF PHONE $8 IF TOLLS TAKEN OFF, CLAIM

COMMERCIAL SUPERINTENDENT OF COMPANY MAKES TALK TO C. OF C. DIRECTORS

"Light from the inside" was thrown on the telephone situation last night at the board of directors' meeting of the Chamber of Commerce.

N. R. Powley, commercial superintendent of the Pacific Telephone & Telegraph company, and Fred Deal, Glendale exchange manager, appeared before the directors and after both had been introduced by Vice-President V. M. Hollister, presiding, Mr. Powley launched forth in a defense of the dime toll. Among other things he said:

"A nickel isn't enough as a toll charge to Los Angeles. So we have to charge 10 cents."

He then described the work which each call necessitates, the fact that it takes twenty-six branch exchanges in Los Angeles to handle the vast number of calls; all of which was very enlightening as far as that side of the question was concerned.

But blasting the fondest hopes some of those present may have had, he declared:

"If we don't have the 10-cent toll we will have to raise the rates so that you will pay for the service with Los Angeles."

When asked if that raise in rates would amount to $6 or $8 as party line patrons now pay in toll charges, he said that the initial charge, if the toll were removed, would be $8 or more a month for four-party lines.

And that would only be a starter, for he didn't know what the commercial houses would have to pay for trunk line service with the bars down on conversation with Los Angeles.

"If we take off the toll," he de-

BOY SCOUT COUNCIL NAMES OFFICERS, PLANS WORK

CHARLES L. CHANDLER CHOSEN PRESIDENT; TRAINED CHIEF WILL BE SECURED

Members of the Boy Scout Council met last night at the White Inn to consider propositions as to the betterment of scout conditions in Glendale. The meeting was called to order by C. W. Ingledue, president. Others present were Roy L. Kent, secretary; C. B. Guthrie, Dr. J. E. Eckles, F. E. Gilman, Herman Nelson, David Black, Capt. W. C. Wattles, A. T. CIVIC PROPOSITIONS ARE FAVORED BY C. OF C. FORUM

BOND ISSUES AND PROPOSED CHARTER ARE ENDORSED AT LUNCHEON TODAY

Municipal issues to be voted on at the coming city election March 29 were indorsed this afternoon at the Chamber of Commerce Forum luncheon held in the Masonic Temple. Women of the Presbyterian church served the repast to the 150 present.

Vice-President Jesse E. Smith presided and first introduced James M. Rhoades, the new secretary. Mr. Rhoades, in a brief speech, thanked the organization for the honor conferred on him and stated, "I know I will make good, having had similar successful experience."

Samuel G. Blythe, who had been invited to attend by R. S. Person, went to Monterey yesterday and was unable to be here today.

City Manager Watson Speaks

Speaking on the $100,000 bond issue for the supplying of water distribution mains to those parts of the city which now need them, especially the western sections, City Manager Thomas W. Watson made it clear that the interest and redemption would be cared for by the rates.

The matter of supply, he explained, has been cared for as far as present needs are concerned by the $260,000 bonds voted previously. He urged that the issue be pushed by the Chamber and in closing made a one-minute appeal for the $26,000 warehouse bonds necessary to store the city's materials and 17 automobiles.

Unanimous approval of the two propositions was given by the Forum, after W. J. Pearson interposed a question regarding the water supply which Mr. Watson answered by stating it is principally from pumping plants in summer and Verdugo canyon springs in winter.

Wants Swimming Pool

Chairman Smith then introduced Roy L. Kent as speaker on the subject of parks and a swimming pool for which a $66,000 bond issue is asked. He said that in order for Glendale to take its place as a leading municipality in southern California it is necessary that "we have what the people require in the way of amusement."

"Of the $66,000 asked, $22,000 will be used in completing the park in the northwest section of the city," he said in relating how that property came into Glendale's hands. "Five thousand will be needed to complete payment on the land and $17,000 will be spent in constructing a swimming pool."

In referring to the latter he said that Glendale boys were now going to Brookside park in Pasadena and to the Los Angeles river to swim when they ought to be kept at home by a plunge here.

Park Project Indorsed

"Another $22,000," Mr. Kent continued, "will be spent for a park in the central eastern section of the city and remaining $22,000 will be for a park in the southern part of Glendale."

In closing he recalled the pleasures of the old swimming hole and urged the bond issue be backed by the Chamber of Commerce.

R. S. Person called on Mrs. M. L. Tight for her views on the subject and she stated that she had favored one centrally located park rather than two more, in addition to the one already established in northwest Glendale, which are away from the traveled path.

In this Dr. Henry R. Harrower agreed, but said it was better to support the three now and get them and consider the fourth and more centrally located park at a later date. With only two opposing voices the Forum indorsed the $66,000 proposed park bonds.

Civic Center Discussed

Richardson D. White, city superintendent of schools, was the speaker selected to discuss the civic center bond issue calling for an expenditure of $83,000. He said that he could only carry on what Mr. Kent, the previous speaker, had said.

"The better way is to call this

SURRENDER OF ALL ARMS IS DEMAND UPON GERMANY

STRICT SEARCH OF ALL HOUSES IN OCCUPIED AREAS TO FOLLOW IF NEEDED

WITH THE ALLIED ARMIES IN GERMANY, March 9.—Surrender of all German arms in the occupied areas was demanded today by General Gaucher, commanding.

Strict search of all houses will follow failure to deliver weapons to the military, he said. German police were permitted to retain their bayonets and revolvers.

Military precautions were taken against any possible uprising, despite meek attitude of the German population. Big guns reared their snouts from positions in the parks and outlying promontories. Belgian, French and British soldiers paced designated beats, armed, ready for instant use.

The sentries were used principally at the bridgeheads and at railway stations to regulate traffic and to prevent infraction of the customs regulations, which are being formulated rapidly.

Eyes of Army Active

Airplanes in relays droned over the occupied territory, observers watching closely for any suspicious gathering or activity.

Allied soldiers were bivouacked in the parks last night behind machine gun nests. Later they will be moved into schools and other public buildings, which are being transformed into barracks.

Officers were housed in hotels and some of the public buildings. The two main hotels were seized as quar-

UP TO PEOPLE OF GLENDALE TO SHOW THEY WANT OWN POSTOFFICE

Proposed Act of Congress Indicates That City Has to Demonstrate to Postmaster General

A dispatch from Washington published in The Evening News recently told of the fact that the bill looking to an independent postoffice in the city of Glendale had been favorably reported out of the committee on postoffice and post roads of Congress. The Evening News herewith gives in full the report:

"The committee on the postoffice and post roads, to whom was referred the bill (H. R. 16140) to authorize the postmaster-general to establish a postoffice of the second or third class at Glendale, California, having had the same under consideration, report it back to the House with the recommendation that it do pass. The bill reads as follows:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the postmaster-general shall have authority to establish a postoffice of the second or third class within the municipality of Glendale, California, and appropriations made for the maintenance of postoffices of the second and third class are hereby made available for the necessary expense of conducting such postoffice of the second or third class. The salary of the postmaster at such office shall be based on the gross receipts of the branch postoffice and postoffice stations within such municipality for the previous calendar year: Provided, That after one year the salary of such postmaster shall be fixed in accordance with permanent law fixing salaries of postmasters of the second and third class.

"On February 1, 1909, at the request of the patrons of the then Glendale postoffice, in order to obtain city free delivery service, Glendale was annexed to Los Angeles as a branch postoffice, and free delivery service was established.

"In 1910, one year later, the United States census discloses that the population of Glendale was but 2,746. In 1920, the United States census reports place the population of that city at 13,536. This was an increase of 392.9 per cent, a growth unequaled in California and probably in the United States. It is easy to see that conditions have changed since the residents of Glendale, 2,746 in number, asked for free mail delivery from Los Angeles to the present metropolitan city, whose progress is the marvel of all southern California.

"The proposed act does not compel the postmaster-general to establish an independent postoffice of the class named, but only furnishes the necessary authority to do so. Upon the passage of this bill, it will devolve upon Glendale people to demonstrate to the postmaster-general that an independent postoffice is desired in that city, and that the postal service will be improved by its creation."

Stewart and daughter Betty Jane, Mrs. Louise Stocker of C. & S. cafeteria, her daughter Maurine and Wilbur Bettis by a former marriage, motored to San Bernardino, Redlands and Smiley Heights last Sunday. BUDGET BASIS FOR LOCAL CHAMBER IS PROPOSED

TENTATIVE PLANS ARE HEARD BY DIRECTORS IN SESSION HELD LAST NIGHT

Approval of a settlement with the American social reserve for its successful campaign in the reorganization of the Glendale Chamber of Commerce and a vote of thanks to Messrs. James O. and T. A. Stevenson of that organization was one of the principal matters brought before the board of directors at their meeting last night.

The chamber also will be put on a budget basis which will care for its different activities, a tentative budget being drawn up last night. However, it is incomplete as yet and will not be of record until committees are appointed and make known their needs.

A contract with the new secretary, James M. Rhoades, was also approved for the balance of the year and today the Chamber of Commerce launches forth on its year's activity under his stewardship.

Mr. Stevenson spoke at length on the duties which lie before the directorate and assured them that success for the organization was in sight if they accomplished the program which has been adopted.

JOHN BOLEN BUYS BEAUTIFUL LOT IN VERDUGO

ONE OF FINE SHOW PLACES OF SOUTH IS SECURED BY CHICAGO LAWYER

John L. Bolen, a noted Chicago lawyer who for the past twenty years has specialized in real estate law, has purchased one of the show places in Verdugo Woodlands, located at the corner of Canada boulevard and Wabasso Way.

The property is 180x300 feet, has a running stream of water, a variety of fruit trees, shrubbery and flowers, and at present has a three-room house.

However, Mr. Bolen announces that he will remove the small house and almost immediately erect a fine residence.

The property was purchased from Frank D. Myer through the Edwards & Wildey company of this city.

Mr. Myer has been in California since 1882 and has resided in different portions of the state. He says that never has he seen such a remarkably beautiful place as that which he has just sold to Mr. Bolen.

It is understood that the consideration was about $12,000.

Mr. Bolen is well satisfied with his purchase, for the grounds are among the most beautiful in southern Cali-

MUCH BUILDING ON RIVERDALE DRIVE IS UNDER WAY

NUMBER OF NEW HOMES ARE COMPLETED OR ABOUT READY; FOR THEIR OWNERS

Prosperity is here if the amount of building already projected for 1921 on Riverdale Drive may be accepted as a criterion.

If this street may be taken as any indication of the amount of building to be done during the present year, it is safe to say that the 1920 record will be broken, as the buildings planned for immediate construction will exceed in value those built during 1920.

H. R. Price states that he expects to begin work in two or three weeks on a six-room bungalow of Spanish design, 35x46 feet, at 328 Riverdale Drive. Mr. Price has recently completed and is now occupying a garage-bungalow on the rear of the lot.

J. F. Winnard, who has moved into his new cottage on rear of lot, will this week commence two five-room bungalows at Nos. 459 and 463 Riverdale Drive.

Moves Into New Home

H. Nelson has this week moved into his new six-room colonial bungalow at 466 Riverdale Drive, which is now completed with the exception of the finishing touches.

E. B. Clark of 451 Riverdale Drive expects to have his chalet bungalow ready for occupancy in about three months.

R. H. Brown is now living in his new four-room bungalow facing on Pacific avenue, built on rear of lot at 478 Riverdale Drive. He expects later to build on front of lot, but has not yet made any definite plans.

Work was commenced last week on a five-room house at 560 Riverdale Drive, which is being built by Pearl G. Curran.

Mrs. B. H. Rogers of 447 Riverdale Drive is about to make an addition, which will increase the value of her property.

OFFICIAL ASKS TO HAVE HIS PAY CUT

LEGISLATURE RAISES SALARY BUT HE URGES THAT IT BE GIVEN REDUCTION

RIPLEY, Miss. — Tippah county boasts a double native curiosity—a public official who doesn't think his salary should be increased and actually has asked that it be reduced.

He is W. M. Meeks, county tax assessor. When elected his office paid $1800 a year, but the legislature recently increased it to $2000. Meeks has sent the following letter to the county board of supervisors:

"When I was elected tax assessor of Tippah county I did not expect to receive compensation greater than $1800, but when the legislature met my salary was fixed at $2000. Now, in view of the fact that things I have to buy have come down somewhat, and the fact that taxes are so high and times so tight, I want to ask the board in making allowance for my salary during this year to allow me only $150 per month, or a total of $1800 for the year, instead of $2,000, as the law provides, the other $200 to revert to the common county fund as a present from me to the taxpayers of this county and as an expression of gratitude and sympathy."

A Pennsylvania surgeon 60 years of age recently removed his own appendix by the use of a local anesthetic. Next day he was further on the road to recovery than is usual the day after such an operation and dictated a number of letters giving directions regarding the conduct of his personal affairs and practice.

Margery McCoy, 12-year-old daughter of Mr. and Mrs. J. W. McCoy of 218 North Maryland avenue, was moved last night to a Los Angeles hospital. For the past month she has been in a condition of drowsiness. At times she is able to recognize people and a few minutes later will not.

Mr. and Mrs. Frank Runyan of 237 Hawthorne street had as their guests at a 6 o'clock dinner last evening Mr. and Mrs. E. W. Lyon, Miss Mildred Lyon and Mrs. Ida Buck. Mrs. Buck is from Denver, Colorado, and is visiting her brother and sister-in-law, Mr. and Mrs. Lyon, of 214 North Louise street. Table decorations were of camellias.

Peter Pinoges, 437 West Garfield avenue, professes to know not what the row was about. Neither does anyone else. But the fact remains that shortly before 11 o'clock last night a series of shots startled the neighborhood and the police were called to Pinoges' house for a second time in the night to settle the disturbance. Inasmuch as no complaints were sworn to, no arrests were made and all is peace on Garfield avenue today, it seems.

Mrs. John Hobbs of 920 South Central avenue entertained at luncheon yesterday in honor of the birthday of her sister, Mrs. Capus, who is visiting her from Elgin, Illinois. The invited guests were Mrs. D. H. Smith, Mrs. J. Herbert Smith, Mrs. A. L. Baird, Mrs. T. C. Young, Mrs. Hal Davenport, Mrs. Joe Webster, Mrs. A. W. Beach, Mrs. Barker, Mrs. Andrew Stephenson, Mrs. John Logan, Mrs. Leslie Eames, the guest of honor, Mrs. Capus, and the hostess, Mrs. Hobbs. A beautiful bouquet of daffodils centered the dining table. The afternoon was spent in sewing.

ARMY MAJOR WILL BE SPEAKER AT BIG BANQUET

FATHERS AND SONS TO BE PRESENT AT GATHERING IN FIRST METHODIST CHURCH

Glendale people who overlook the Fathers' and Sons' banquet which will be given in the First Methodist church on March 15 by the "Hi-Y" boys will miss one of the big events of the season.

Fathers of boys should be there because they want to use one of the greatest and best means of building character and high principles into the lives of their boys.

The boys will want to be there because of the splendid talks and social hours which will accompany the good "eats" which are always provided by the ladies of the church.

The mothers and girls will urge the fathers and boys to go because they should stand for everything which will make the boys better in the home and in the community.

Noted Man as Speaker

Dr. John R. Brown, Jr., of New York, head of the physical department of the national Y. M. C. A., and who during the war was a major with the army in France, will speak along the lines of the showing of physical training in the army.

W. B. Kirk of Glendale, who is a member of the Los Angeles county committee, will aid in the arrangements for the evening.

The fathers who have no boys of their own will realize their obligation to the boys of Glendale whose fathers, for any reason, cannot take them to places of this character, and will welcome this opportunity of doing something for such boys. Altogether then, this banquet should be a large affair and the capacity of the dining hall in the Methodist church should be taxed to its utmost on Tuesday night of next week.

Poet And Barbers Do Not Agree Relative To Children's Hour

The Children's Hour?

According to Henry W. Longfellow's poem, it is in the evening after dinner.

According to Glendale barbers it is between 3 and 4 o'clock, after school.

That's when the locks fall in heaps around the tonsorial parlors and tears roll in rivulets down childish faces as they are shorn of winter's crop of hair.

Grows Regular Lemons

George Washington Sanford, who resides in Sycamore canyon on the eastern outskirts of Glendale city limits, had a crop of lemons. And all know what a lemon the crop was this year.

So instead of marketing all of his citrus fruit at a loss, he let the lemons grow. Now climatic conditions are especially favorable up in the canyon and here is the result:

Mr. Sanford yesterday brought to The Glendale Evening News office two lemons, the largest of which measured thirteen inches one way around and fifteen inches the long way around.

Some circumference, don't you say?

And to think of the barrels of lemonade that is going to waste for the need of lower freight rates!

Army Rifles Seized

Lieut. Normal C. Hayhurst of the Glendale National Guard company was a visitor at the armory in Los Angeles last night.

He saw the boys over there put through their paces, and tomorrow night he will be prepared to tell 'em here how it's done.

Incidentally, he borrowed eight army rifles for squad drills, a whole riot squad, so to speak, as he sped back to Glendale in his motor car.

Officers' school at the armory in Los Angeles is called for every Monday night, which will be attended by Capt. Thomas D. Watson, Lieut. Hayhurst and Lieut. Charles Letts of Glendale's company.

Ground Broken For Sam Seelig Market

Ground was broken yesterday afternoon on the northern half of the Palace Grand parking space for the new Sam Seelig All-American public market, which will be one of the largest store rooms in the city when completed. It represents an investment of $60,000 when completed, according to representatives of the concern, which is making arrangements to rush the structure to an early completion.

R. E. Hill of Chicago arrived in Glendale this morning to visit his brother, Fred S. Hill, proprietor of the garage at 123 South Brand boulevard.

Captain Watson Is Candidate For Education Board

CAPTAIN THOMAS D. WATSON

Capt. Thomas D. Watson, commander of the Fifth Separate Company, National Guards — Glendale's own—is a candidate for trustee on the Glendale Union School District board at the coming election.

Mr. Watson, who is the proprietor of the Glendale Sheet Metal Works on Glendale avenue and a resident of this city at 526 North Central avenue, did not seek the office, but was indorsed by the Federated Brotherhood and earnestly solicited by friends to run for the office.

Being somewhat of a stranger here, having come to Glendale a little over a year ago after he was discharged as captain from the United States army, with which he served two years, including nine months overseas with the A. E. F., Mr. Watson enlisted as a private in the world war and rose to the rank of first lieutenant in the service, having been in charge of the casuals at Brest during the last months of service. Upon his discharge he was given the rank of captain in the reserves. Since then he has organized the Glendale guard company and is commanding officer in that organization.

Regarding church and lodge affiliations Mr. Watson is an elder in the Presbyterian church, a thirty-second degree Mason and an Elk as well as being a member of the American Legion.

Light Track Team To Meet Intermediate

The lightweight track team of the Glendale Union High school will meet the Intermediate school athletes Friday afternoon, according to Coach Normal C. Hayhurst of the former team. Horatio Butts, Willard Roberts and Bernard Lee are expected to star for the high school.

The coach is making a determined effort to have a second Glendale team in the San Fernando Valley High School Baseball league. He believes that this would give him material from which to select a better team in years to come for Central league games.

Don Patterson Home For Ten Day Leave

Don Patterson, son of Mrs. L. M. Bullis, 111 East Maple street, and Elden Mason of Burbank, who are stationed at the Mare Island navy yard, are visiting at their homes on a ten-day leave. They are both members of the crew of the new battleship California which will be completely fitted for its place in the nation's first line of defense by November. In the meanwhile the boys will go out for a month's cruise with the Pacific fleet. Don reports that the navy life is fine, although he is still being schooled in the duties of a seaman at the training station.

Ralph Hinckley, city engineer of Redlands, visited the commercial division of the city hall yesterday. He was especially interested in the method of handling accounts with the Elliott Fisher book-keeping machine.

COMMUNITY SINGING SPECIAL FEATURE FOR CHILDREN

CENTRAL AVENUE SCHOOL IN CASA VERDUGO TRAINING PUPILS IN SONGS

Community singing is a special feature which has been introduced at the Central avenue school in Casa Verdugo of which Miss Annie McIntyre is principal.

Every Wednesday afternoon the fourth, fifth and sixth grade classes gather in the auditorium and under the leadership of Mrs. E. E. Kent, third grade teacher who is also a musical instructor, they sing patriotic and folk songs.

So if you pass by the Central avenue school this afternoon and hear "My Country 'Tis of Thee" wafting from the high windows of the main building, you will appreciate the youngsters' education along the lines of Americanism, for was it not Pershing that cabled:

"Send me a singing army."

THE NEW IDEA ABOUT THRIFT

A woman used to be thought thrifty if she did all the baking, the preserving, the cooking, the sewing, the cleaning, the washing and ironing—in a word if she toiled from morning to night she was thrifty.

The thrifty woman today is the one who can get all these things done economically and still have time for recreation and self-improvement.

We are here to help the thrifty woman of today. We call for her laundry bundle and wash her clothes scrupulously clean by simple, sanitary methods that prolong the life of the fabric.

A phone call is all that is necessary to bring one of our wagons to your door.

First Letters Give Reasons Why Glendale Is Prosperous

EVERYBODY TALKING ABOUT TRADE AT HOME SLOGAN

PROSPERITY IS HERE; PEOPLE WILL HOLD IT BY DEALING WITH LOCAL STORES

Glendale's prosperity—everybody's talking it.

With recognition from the executive of the United States, President Warren G. Harding; with the prosperity of this city heralded broadcast throughout the country by the newspapers; with Burbank and Sierra Madre and other Southern California towns, as well as the metropolis of Los Angeles, literally shouting "Prosperity," the campaign which was initiated last Saturday by The Glendale Evening News has spread like wildfire.

Merchants are awakening to the advantages of the prosperity campaign; learning of the interest being shown in the "Trade at Home" spirit which is being evidenced.

From every store and every office words of commendation are coming. Letters are being written by the score telling of "Glendale's Prosperity." It is a great, big, throbbing, vital part of this city's life and when the contest of letter writing closes it is expected that there will be hundreds eagerly awaiting the announcement of the judges. These judges will be named tomorrow.

And in the interim, the publication of prosperity letters will continue, the first three being presented today. Hurry and get your letter into The Glendale Evening News office today.

SCHOOL STUDENTS GIVE LIGHT OPERA

CHIMES OF NORMANDY WINS HIGH PRAISE; TO BE GIVEN ON THURSDAY

The first performance of the light opera, "The Chimes of Normandy," presented by the Glendale Union High school student body under the direction of Mrs. Dora L. Gibson and Miss Mona Gardner, was well attended at the matinee given this afternoon in the high school auditorium. This is the first time that the students of the high school have attempted to present a production of this kind and it is proving to be a success in every respect. The light opera is this year replacing the variety show which has been given for several years previous, and is the big event for the year in high school events and one in which the public takes a great deal of interest. Music, dramatics and humorous situations are combined in the opera, which is entertaining to a high degree. The performance will be repeated Thursday and Friday evenings of this week at the high school auditorium.

The characters of the opera are as follows:

Serpolette, Marie Oliver, soprano.

Germaine, the Lost Marchioness, Dorothy Peart, mezzo soprano.

Gertrude—Myra Johns, Jeanne—Mildred Stanford, Manette—Mary Florence Pate, Suzanne—Marion Gray, village maidens.

Henri, Marquis of Corneville—Thomas McNary, baritone.

Jean Grenicheux, a fisherman—William Farner, tenor.

Gaspard, a miser—Brigham Bennett, bass.

The Bailli—Joseph R. Rhodes, bass.

Registrar—Walter Kohr, tenor.

Attendants—Leslie Siberell and Z. Walter Smith, tenor.

Notary—Kenneth Jackson, bass.

South Glendale Will Hear Municipal Issues

As the result of the Chamber of Commerce forum luncheon indorsing the municipal issues, including the city charter, a meeting is called for the assembly room over the branch library at Los Feliz Road and Brand boulevard for Friday night at 8 o'clock. Representatives of the Chamber of Commerce will co-operate with residents of south Glendale in securing speakers on the various subjects to be voted on March 29.

Kindergarten Classes To Present Program

For the delectation of proud parents who attend the Central Avenue Parent-Teacher association meeting at the school tomorrow afternoon, the kindergarten classes under the direction of Miss Alice Livsey will present cute songs and games which they have learned in the first six months of their school work. It is expected that an unusually large number will be present when they hear of the treat which the tots are ambitiously preparing for them.

GEORGE CLEVELAND HAS CHARGE OF TRACT OFFICE

VERDUGO WOODLANDS GROWING FAST; BEAUTIFUL SECTION IN SPRING COSTUME

George C. Cleveland, who resides on Wabasso Way in the Verdugo Woodlands, has opened the new F. P. Newport real estate office at the junction of Canada boulevard and Verdugo Road at the gateway to Selvas de Verdugo, the beautiful suburban tract which is blooming into a second Hollywood.

Without a visit to this foothill section of Glendale, no one can appreciate the rapid growth there in the last few months and the many palatial homes that are dotting the newly laid out streets.

Scenes of Beauty

Especially beautiful are the citrus groves, the apricot and peach blooms and the yellow mustard weed which lend a fragrance to Verdugo canyon fastnesses unsurpassed by the Ozarks of Arkansas or the everglades of Florida tropics or springtime in New England hills.

F. P. Newport personally entertains carloads of homeseekers at the tract daily who are brought from Los Angeles by special Pacific Electric trains and routed direct to Verdugo Woodlands over the Glendale and Montrose railway. Luncheon is served at the Old Adobe.

PICKFORD PICTURE AT PALACE GRAND

STORY OF LOVE, ADVENTURE, ROMANCE AND TRAGEDY NOW BEING SHOWN

Starting today at the Palace Grand for a three-day run, "The Love Light," Mary Pickford's latest, tells a story of love and adventure and romance and tragedy and sweet reconciliation of an Italian fishing village that has an irresistible appeal.

In this picture there is a humanness that is decidedly unusual, that indescribable something that makes it a picture that will appeal to every type of man or woman, boy or girl.

First of all it's a Mary Pickford picture and you know that Mary Pickford is the greatest star in the world. And then it was written and directed by Frances Marion.

The critics that have seen the picture have declared it to be Miss Pickford's greatest production, from every point of view and places her in a class entirely by herself.

The musical accompaniment by the Palace Grand orchestra includes "From Italy" as overture, "Tripoli," "Just a Week from Today" and "Kentucky Blues." "The Skipper's Narrow Escape," a two-part Toonerville comedy success is an added attraction.

The famous stone cow of Alan, a small village in the Haute Garonne, France, is the center of a fight between the ministry des beaux arts in Paris and the peasants of the village. The ministry has twice sold the cow, which dates back to the fifteenth century, and each time the buyers have attempted to remove it the peasants have fought with pitchforks and clubs to prevent its removal.

ters for commanders of the various units.

General De Goutte, under whose supervision the maneuvers were carried out, installed himself in the famous art academy in Duesseldorf. There, with his huge dotted and streaked maps arranged among marble pieces and famous paintings and newly-strung telephone and telegraph wires running along the floors, the general received municipal and provincial authorities to read them his proclamation.

No Sign of Resentment

The German authorities, serious faced but without any sign of resentment, listened respectfully to the reading of the order, which declared that the allies had no animus against the population but were concerned only with forcing the German government to observe the terms of the peace treaty.

The populations of Duisberg, Ruhrort and Duesseldorf as well as those of the outlying small towns, evinced much the same attitude as their representatives. All were calm and grave as if endeavoring to show their determination to bear any hardship without complaining.

The allied soldiers frankly enjoyed themselves. The British especially found it easy to make friends with the younger generations. Small boys tagged the Tommies about the streets and the girls gave them shy smiles.

The Belgians appeared especially exuberant at the prospect of city life after long service in isolated districts with no other attraction than life in camp.

Allied officers quickly took possession of the German customs houses, immediately impounding all the currency found in them in order to prevent its shipment to interior Germany. The usual customs activities proceeded with allied representatives acting as guards, inspectors and officers. In some cases the German officials were retained to carry on work under strict allied supervision.

Allied chiefs were reported today to be considering throwing a cordon along the west side of the American area in order to carry out their plans in regard to customs collections.

Officers Are Chosen By Boys of Unit 3

The boys of Unit No. 3 of the high school Y. M. C. A. held a meeting Monday night to elect officers and to lay their plans for the future. Officers elected were Francis Lore, president; Lyle Archer, vice-president; Jack Trafton, secretary and treasurer. The four-fold plan will be followed in order at each weekly meeting: Religion, first meeting; athletics, second meeting; intellectual, third meeting; social, fourth meeting. Speakers on these topics will address the boys at the meetings.

THOUSAND BEAUTIES FOUND SPARKLING IN JEWEL CITY

GEM IN PERFECT SETTING IN MIDST OF HILLS AND TO BE SHARED BY ALL

Under the caption "Glendale, the Jewel City," Mrs. D. B. Pingree, 1425 North Pacific, writes as follows:

"In a marvellous setting of rough, golden hills this Jewel sparkles with a thousand beauties, from the Emerald of her trees, shrubs, and lawns, the precious Rubies of myriads of roses, the Turquoise sky which on nearly every day of the year is visible, the Opaline tints of her gorgeous sunsets as the sun sinks to rest beyond the Santa Monica range, and even more beautiful still the Amethyst and Aquamarine of the "afterglow" on the Sierra Madre's over to the north and east, a sight ever changing, and always new, and each one more wonderful than the last. Jewels! Yes, too many to count has the fair city of Glendale, and they are not locked away in dark vaults, within city walls, but all are on display at all times, shared with all who come, and loved by those who stay.

Prosperity is here, yes! But lift up your eyes from the sordid gold of man's hoarding, and see the gold spread abroad for the delight and enjoyment of all alike, given without money and without price. California, the Golden State, watch for the gold and you will marvel at the golden hues that will catch the eye in one short day.

Gold and jewels from God's own store-house, these are assets of which Glendale may be justly proud and for which every soul within her gates should be justly grateful.

Endorsements Given To Civic Projects

(Continued from Page One)

proposition a recreation center rather than a civic center," said Mr. White. "I wish to emphasize the fact that you place a child in the kindergarten at the age of 4½ years, send the child through school, graduate it from the high school, say 'God bless you' and let that child go out into life without further care. Can you tell what young men and young women do with their time? We hear comments that the young men hang around the corner of Brand and Broadway afternoons and nights, especially nights. Well, what can they do? Do you expect them to stay at home by the fireplace knitting? You don't do it. Why should they? They are entitled to sociability. They will get it somewhere, somehow. It is up to us to provide a place where they can get it under proper supervision. It has been estimated that the passage of the civic center measure will add but 5 cents to your tax bill. Think of your boys and girls, then, vote for your civic center."

Mrs. Tight Makes Suggestions

Mrs. Mabel L. Tight, when Chairman Smith asked if there were any who desired to ask questions, suggested that the $83,000 could be used to purchase a new high school site and that the present high school could be used as a civic center. Chairman Smith, saying the suggestion was a good one and worthy of serious consideration, ruled that the remark was not correctly applicable to the proposition under discussion. R. S. Person declared that it was impossible for anyone to get a line on the proposition from the talks being given, and he declared that he protested against being forced to vote yes or no. He said that he was an optimist, but an inquiring optimist.

T. W. Watson said that the high school proposition as outlined by Mrs. Tight would take a long time for consideration. He said that he believed the park should be purchased irrespective of the high school project as outlined.

Dr. Henry Harrower declared that Mrs. Tight's idea was a splendid one, but one for future consideration. He asserted that he would vote for the civic center whether his tax rate would be 5 cents or 50 cents.

Rev. W. E. Edmonds declared himself in favor of the civic center. Mr. Slater believed that the members of the Chamber should have more time to consider the various projects.

J. M. Blankenship said that the city and county tax rate at present is $4.26 and he believed that the blue pencil should be used on some of the projects under consideration. He declared in favor of a sewer system and water system improvements, but he thought more time should be taken for the consideration of the other projects.

Mr. Person again filed his protest against the method of procedure at the luncheon, causing Chairman Smith to say that for years Glendale had talked of the various projects under consideration and that more enthusiasm in favor of them was being displayed today than ever in the past. He said that no effort was being made to jam through a favorable vote and explained that the directors of the Chamber of Commerce will take a secret vote from the entire membership on all of the propositions to be voted upon March 29.

City Charter Discussed

Bert P. Woodard, chairman of the board of freeholders which drafted the proposed city charter, explained the method taken in drawing the document and then spent most of his allotted time in explaining the city manager feature. He stated that the city manager, as operated under the charter, is practically the same as now in effect. He also pointed out that the charter can be amended every two years. His remarks were of unusual interest and he, by consent of the audience, was granted three minutes additional time to talk on behalf of the charter, copies of which were given everyone present.

The charter was indorsed, seven persons not voting.

NATURAL LOCATION OF BIG BENEFIT TO GLENDALE

HOME SITES CHEAPER, ROADS EXCELLENT, SCHOOLS BEST, CITY CLEAN MORALLY

J. F. McIntyre, pioneer resident and former school trustee, writes as follows concerning Glendale's prosperity:

Glendale's prosperity is due first to its natural location, being situated among the foothills adjoining the northern boundary of Los Angeles; commanding beautiful views and having a climate unsurpassed anywhere in America—mild during the winter months, in fact, some parts are practically frostless; enjoying the cooling sea breezes in the summer, but sheltered from annoying winds, and free from over much fog to which lower localities are subject.

Home sites are much cheaper here than in either Pasadena or Hollywood, Glendale's only rivals.

Glendale has sixty miles of paved streets and boulevards which make motoring a pleasure. Its municipal water and electric systems furnish an abundance of pure water and ample electricity for all purposes, at rates lower than the average. Glendale has two steam and two electric railways, gas and telephone service.

In the year 1901 the writer was a school trustee here. We had one school, the Broadway, three teachers and seventy-eight pupils. That same year we organized the Glendale Union High school, bought the half block on which the First National bank and other business blocks now stand for $550.00 and gave it to the district. The first building was occupied in December, 1902, had two teachers and twenty-nine students. Today there are eighty teachers and 2584 pupils in the Grammar and Intermediate schools and forty-two teachers and 1028 students in the High school, while the site which we bought for $550 could not be bought today for $500,000.

All leading churches and fraternal organizations are well established here, have large memberships and either have or are planning splendid modern structures.

Glendale is, and always has been, a clean city morally and has a populace who are always ready to encourage any legitimate enterprise. The above facts explain why Glendale is attracting the home seeker as well as the wise investor and business man, and why Glendale is and will continue to be, so prosperous.

UNITY OF PURPOSE BEING DISPLAYED BY RESIDENTS

COMMUNITY LIKENED TO ONE HARMONIOUS FAMILY, ALL SHOULDER TO SHOULDER

Ella W. Richardson, using the title "Glendale, the City of Homes," or "Glendale, the Happy Medium," writes as follows:

Glendale's location is grand, not shut in like Pasadena, but receives the strong ocean wind that blows over Hollywood, Griffith Park and the Los Angeles River in a refreshing breeze.

Glendale, because of these moderations, attracts to herself the thrifty middle class, who are the salt of the earth, whose thought is active for the good that they can do.

Glendale, at the mouth of the rich San Fernando Valley and at the door of Los Angeles, with the new Glendale boulevard connecting all, is the best situated city in the world, either for business or pleasure.

There is nothing anywhere to compare with Glendale's two wide, main cross streets, Brand and Broadway. They are both ideal from end to end for business.

Glendale cannot be surpassed for her beautiful mountain view or her fertile soil.

Glendale welcomes the new comers and they become enthusiastic, like older residents, in the partnership of Glendale and are ready to co-operate in all civic affairs, and help to strengthen and develop the city of their choice.

Glendale people are like one harmonious family, unity of purpose, all of one mind, working shoulder to shoulder. Glendale is orderly and her children love home and are inexpensive in habits.

Here you find loving wives, devoted mothers, faithful husbands, kind fathers, wise counselors, staunch friends, obedient children, splendid schools and the best teachers.

Glendale has The Evening News and is proud of it, for the paper is a credit to the city and well worth sending to friends in the east. The Evening News is a messenger worth dispatching everywhere, for it is a prosperous looking paper representing a prosperous community.

Glendale owns her water and light, so she keeps clean and bright.

May she ever have high ideals and possess the highest and best ground for park purposes is the sincere desire of one of her oldest and best friends,

ELLA W. RICHARDSON.

SAN FRANCISCO, March 9.—San Francisco voters today had definitely frowned upon the purchase of the Spring Valley water system by the city.

Complete returns from yesterday's election to decide whether the city should buy Spring Valley showed 42,898 for the purchase and 31,082 against. Two-thirds vote was necessary for passage.

These cardinal principles have been the corner stone upon which the success of the

FIRST NATIONAL BANK

Has been built.

Since its doors were opened this institution has stood for the best in financial matters.

Its strength, its fair dealings with its patrons, its sincerity toward the residents of Glendale have been big factors in its growth.

We invite you to share in this efficient banking service

"IT'S THE BANK FOR YOU"

I'LL TELL YOU WHY YOU SHOULD TRADE in GLENDALE

You Have a Responsibility to the Community

SOME people live in a town or city year after year and give very little thought to their relationship with the community. They feel that when their taxes have been paid, their obligations as citizens have been fulfilled.

Are you one of those persons who live in Glendale and enjoy all the advantages of your citizenship and yet have never given this matter of trading at home serious thought?

Why Do You Live in Glendale?

You might ask a hundred people this question and each would have a different answer:

—Because of Glendale's natural beauty and charm.

—Because it is a good place to bring up children.

—Because Glendale is a church town and a clean town.

—Because of her delightful climate and her high altitude.

—Because of the fine schools here.

—Because the people are so friendly.

—Because of the bright prospects for Glendale's future.

We might keep on indefinitely giving reasons why people prefer to live in Glendale.

—But have you ever realized that although good schools and churches, a sightly location and a healthful altitude, congenial neighbors and a moral atmosphere are desirable and necessary for a city that will attract people to her—

There Wouldn't Be Any City Were It Not For the Business Houses

A city grows and develops in proportion as its business houses prosper.

A Trite But True Saying:

"Every dollar spent at home helps to build up the community and every dollar spent out of town is gone forever."

You Should Trade in Glendale

—Because you are proud of Glendale's growth and prosperity and it is only with your help and co-operation that her growth can continue.

—Because Glendale has unusually fine stores that carry almost every line for which there is any demand.

—Because prices here compare very favorably with those for equal values in Los Angeles and in many lines prices are lower here.

—Because Glendale merchants are your neighbors and friends and will accommodate and serve you in many ways in which big city merchants would not.

—Because you have the advantage in some cases of delivery service and credit.

—Because you want to encourage business enterprise in Glendale and thus help the city to grow.

papers and magazines which will be sold and the money turned into the building fund.

Chinese Lyrics Presented

The entertainers for the afternoon, Mrs. Elizabeth Eaton Burton and Mrs. Alice Muma, of the "Seven Arts Workshop," were then presented by Mrs. Hutchinson. Mrs. Burton is the founder of "The Seven Arts Workshop," the aim of which is to give the dramatic, literary, musical and visual side due place as sister arts in the rendition of programs. Mrs. Muma, mezzo-soprano, is known through her connection with the University Extension course.

The program consisted of Chinese lyrics presented in a colorful setting with changing light effects, and included readings from "The Chinese Nightingale" (Vachel Lindsay) by Elizabeth Eaton Burton, poetry and songs from 500 A. D. to modern times by Mrs. Alice Muma.

The stage setting and costumes were very beautiful. White and gold silk draperies formed the background of the stage, with golden screens. The poems were read from large scrolls which were rolled as the stories progressed.

It was a program which was heartily greeted by the club members and one which will long be remembered.

Attempt to Force Prices Down Fails

NEW YORK, March 9.—In a listless stock market today, efforts to drive prices down met with failure.

Uncertainty as to the outcome of the European financial situation and lack of important news on the domestic situation were responsible for the stand-offish attitude of traders.

There was selling in the general list from the start without much of an impression being made. General Motors was sold heavily, 33,000 shares being among early sales. United Fruit was pressed down somewhat by a selling wave and reached 99, almost immediately getting above par again.

The steels were generally fine, U. S. Steel being up ⅛, opening at 81¾. Some independents showed fractional losses. Rails were soft, declines to the extent of half a point being general in that division.

clared, "the traffic will increase more than double with frivolous calls, for which our dear friends, the women, are more or less responsible.

"We have 253 individual lines in cables to Los Angeles now handling the Glendale traffic. To double this capacity, which would be necessitated by throwing off the toll, we would need $230,000 for an additional cable—and that would only be a beginning."

Again Mr. Powley launched into a dissertation of facts regarding costs of operation and equipment that simply astounded. In fact, so astounded, seemingly, were the board of directors that about two questions were asked at the conclusion of the presentation of the telephone company's side of the toll situation.

One of the inquiries was regarding the situation in other cities. Mr. Powley replied that in New York at present they have zoning system and toll for calls outside of each zone. He answered another query by stating that rates generally had been raised all over the country.

Both Mr. Deal and Mr. Powley were given a vote of thanks by the directors for their appearance and information given.

State Commission Hearing

State Railroad Commissioners Rowell and Brundige will open the board's hearing into the application of the Southern California Telephone company for an increase in rates next Tuesday at 10 a. m. in rooms 809-10, Pacific Finance Building, Sixth and Olive streets. The chambers of commerce and other organizations, as well as city officials in the territory served by the company and each of its 145,000 subscribers of the telephone company, are being notified of the date and place of the hearing.

Spooning On Busses Not To Be Stopped

NEW YORK—Spooning by young couples atop Fifth avenue buses has been officially recognized as a legitimate outdoor sport.

Sheriff D. H. Knott, in a statement made in reply to an anonymous correspondent who complained of the practice, declared it seemed to him "a man must be either a crabbed old bachelor or one who has been disappointed in love who will seek to invoke official aid in putting an end to a heritage of nature as old as the world."

"Certainly there is nothing clandestine in spooning atop buses," he said. "Let the sponers spoon. They always did; they always will. Why try to awaken them from love's young dream? I want to state I must refuse to assign deputies to stop what you call a nuisance. This statement by you represents only, I think, a conclusion, a state of mind."

BIG CHUMP

"Say, what's your hurry?"

"I'm going to get a divorce. My wife hasn't spoken to me for six months."

BOND ISSUES AND CHARTER TOPIC OF GATHERING

MASS MEETING IS PROPOSED ON MARCH 22; CITY HEADS WILL BE INVITED

(Continued from Page One)

—must have the ability of a George Washington or a Theodore Roosevelt to faithfully carry on his duties. I intend, however, to be present at the forum luncheon to be held under the auspices of the Chamber of Commerce and I suggest that all who are members of that organization do likewise, for there we will, no doubt, be fully informed as to the questions requiring answers. Until I have heard the speakers scheduled for the luncheon, I do not care to make an extended talk regarding the proposed charter."

General Discussion Held

At the suggestion of President Barrett, members of the league held a general discussion last night of the proposed bond issues and the charter. Also, the statement prepared by T. W. Watson, city manager, and published in full in The Evening News of last night was commented upon.

F. A. Clarke, president of the Oak Street Improvement association and second vice president of the West Glendale Progressive league, read extracts from the city manager's report. He also stated that he had had a talk with the city manager and had been given considerable information.

"Mr. Watson informed me that he was willing to appear before our league and answer questions regarding municipal affairs," said Mr. Clarke and I believe it would be a good idea to invite him."

Albert C. Read of 360 West Broadway declared that he was seeking light regarding both charter and bond issues. He said that he was of the opinion that some of the propositions seemed necessary, but he was not at all convinced concerning the bonds for a gymnasium.

"I have a boy that would be glad to have the benefit of a gymnasium, but I am not at all sure that it is the proper duty of a municipality to provide the gymnasium," said Mr. Read. "I think it is the duty of a Y. M. C. A. or an organized club. However, I will listen to reason. I am not decided how I will vote on these propositions and I want information—unbiased information—so that I may judge."

Other speakers made objections to the charter as drafted, while others found objections to the bond issues, with the result that President Barrett proposed the mass meeting at which city officials and others will be invited to express views so that the league membership and the public generally may have their questions answered.

Speakers to Be Secured

President Barrett selected Warren W. Stevenson, treasurer of the league, to assist her in selecting the speakers. She stated that City Manager Watson would be invited, also Dwight Stephenson, president of the Board of City Trustees.

"Dwight Stephenson is an interesting talker and I promise you he will have something snappy to say," declared President Barrett, "if he accepts our invitation, and I presume he will. Attorney Frazier, too, is well informed; he has seen charters in operation and I feel that he should participate. Frankly, I am not yet convinced we should vote for the charter. Its provisions seem to carry us away from the representative, the American, form of government. However, we should be able to make up our minds after the mass meeting is held and we get all the available information."

Mr. Clarke was named by President Barrett to aid in advertising the proposed gathering under the auspices of the league and to assist in arrangements.

Committees Not Yet Chosen

President Barrett announced last night that the legislation committee andthe advisory committee to be appointed by the league officers under the organization's constitution have not yet been named. Five citizens are to serve on each commimttee and, so far, the selections have not been completed and probably will not be for some days, she stated.

J. Mac MacMillan, secretary of the league, was unable to be present. It was stated, however, that new members are being received by the organization, the dues for active members being $1 a year. The membership rolls are open to all residents or holders of the property in the western portion of the city.

Modern Machinery To Be Used In Gold Hunt

OAKLAND—With the shipment this week from this city of $1,000,000 worth of dredger machinery consigned to China, it became known that the vast low grade placer fields of the Orient will soon be littered with the type of dredger which has been familiar to many Californians in the vicinity of Oroville and the Marysville districts.

The shipment this week was declared by the manufacturers to be one of many which will soon be in use in the low grade gold-bearing gravel fields of China, which American ingenuity has finally solved.

A HOME SACRIFICED!

Mr. Family Man and Mr. Investor—here's real news, good news. One of the finest small homes in Glendale is for sale—a well-built 6-room bungalow on one of the best residence streets in the city.

And Just Listen to This!

The owner must sell and in order to dispose of the property this week he has priced it so that the first person who looks at it will grab it. In other words he will sell this fine home for only

$6,500.00

That sounds good if you want a home of your own or if you have a little money to invest (for the place will rent for $100 a month), but you haven't heard it all yet.

THE HOUSE IS FURNISHED

That doesn't mean a table and a few chairs and a bed. It is completely furnished with everything you need including linen and silver. Everything is in first class shape inside and out and you can move right in without stopping to make repairs or buy furniture.

There is a large lot, good lawn and a variety of flowers, shade trees and bearing fruit trees and garage. The house is located near the foothills, just a half block from the Brand Boulevard car line. It faces the north and the mountain view is unsurpassed.

The house is a six-room bungalow of the better class. It contains a large living room with beautiful fireplace and mantel. There are three bedrooms, hardwood floors, built-in bookcases and beautiful buffet.

The owner has priced this property so it will go this week and he has made the terms so easy that anyone can handle it.

Just make a small payment down and move right in—or let your tenant move in.

NOTED PLAY FOR GLENDALE'S BILL

CHAS. FROHMAN PRODUCTION PICTURIZED; DIRECTED BY MRS. SYDNEY DREW

Her mother's urgings rather than her own heart caused Amy to accept Heath Desmond as her fiance. She regrets the action when she finds the young artist painting on Sunday and talking rather flippantly of his sin.

Encouraged by the advice of the young curate, who really wants the girl for himself, Amy sends Heath away.

This is the beginning of a dramatic situation in "Cousin Kate," a Charles Frohman play by Hubert Henry Davies, which has been visualized by Vitagraph as an Alice Joyce production, directed by Mrs. Sidney Drew. It is being shown at the Glendale Theatre for the last times today.

Pathe Review, a scenic, "The Isle of Jazz" and a comedy, "Open Another Bottle," proved pleasing additions to the program. Madame Clement at the organ pleased the patrons with her rendition of "My Wild Irish Rose."

PASADENA, Calif., March 9.—Manager Johnny Evers of the Chicago Cubs chaperoned four of his mainstays, Hippo Vaughn, Grover Cleveland Alexander, Speed Martin and Bill Killefer, over the Pasadena Gold club course today. A good-sized gallery trailed them. At the fourth tee players and spectators came upon Charlie Chaplin doing a stunt beore the camera. The bruin quintet resumed golfing minus the gallery.
